“Proclaim among the nations what he has done.” - Psalm 9:11

Dear friends, it is a blessing to answer this call by sharing the incredible story of our Savior “among the nations”. As believers, we are called to spread the gospel of Christ to every corner of the earth. Third Millennium is doing this by educating and empowering Christian leaders in over 152 countries. What a glorious calling!

Over the last few years, so many ministries and businesses have felt the impact of tough economic conditions. By God’s grace, Third Millennium has not only survived, but continued to grow during these trying times.

We have new partners who are extending our reach and are translating our curriculum into French, Hindi, and even Farsi, with other languages on the horizon. In addition, we are branching out into new technologies and have a steady stream of plans in the pipeline, including a four-part collection on hermeneutics (biblical interpretation).

Curriculum-wise, we’ve completed the multimedia portion of our one-year curriculum in English. Our team is now hard at work finalizing the discussion forums for this part of the curriculum—the supplementary video pieces that complement the multimedia. At least three of these series will be done by year’s-end.

While it is rewarding to see people around the world benefiting from our curriculum, there is much more to be done. Each year, we receive hundreds of notes of gratitude from pastors, laymen, leaders, and students. With those notes comes a constant request for more. Vitaly Zhupanenko, a pastor from Rovno, Ukraine, says it best when he implores us, “Please do not stop your ministry! [We] are in great need of it.”

This is why we believe in the necessity of Biblical Education. For the World. For Free. Thank you for hearing God’s call to proclaim his name among the nations by supporting our ministry.

In Christ,
Dr. Richard L. Pratt, Jr., President

We are saturating the globe with a **multimedia, masters-level curriculum for Christian leaders**. Our lessons are **used through print, audio, the internet, DVD video**, as well as **radio and television satellite broadcast**.

“Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you.” **Matthew 28: 19, 20a**

Today, more than three million Christian leaders have little or no theological training. In many areas, theological materials are scarce or simply not available. It's a challenging situation: Without grounded biblical education, pastors and churches are left susceptible to hollow and deceptive philosophies. Third Millennium is working to change that.

By publishing and globally distributing a free multilingual, multimedia, digital seminary curriculum in multiple languages, we are equipping church leaders in their own lands. Through strategic partnerships around the world, Third Millennium has shared 3.6 million lesson hours to date. This number is growing rapidly. All of our materials are available at no charge on our website, which now receives more than 22 million hits annually.

We produce and distribute our curriculum in English, Russian, Spanish, Mandarin, and Arabic -- languages that cover 42 percent of the world's population. We also freely share our materials with organizations that target other languages such as Farsi (Iran), Turkish, French, Mongolian, several African Arabic dialects, Amharic (Ethiopia), Hindi, and several other languages of India. With partners in over 152 countries, Third Mill is saturating the globe with our multimedia, masters-level education for Christian leaders.

Third Millennium is **equipping church leaders in their own lands and languages** with a multimedia seminary curriculum distributed **throughout the world for free.**

What others are saying about Third Millennium Ministries and our impact:

“Third Millennium is **one of the most exciting and innovative ministries in America**. It is an **affordable, radical, creative multimedia resource** for **educating the people of God** and for **equipping church leaders to face the challenges of the new millennium.**”

- Dr. Steve Brown, President, Keylife Network

“I don’t know how I can explain the way you have **unveiled my mind to understand the prophets and to have new interest to study them**. As I watched the video series on ‘He Gave Us Prophets’, **my life was filled with joy to have the knowledge of the Word of God.**”

— James Kalenga Mwamsa, Student in Ndola, Zambia

Biblical Education. For the World. For Free.

“Commit to the LORD whatever you do, and your plans will succeed.” **Proverbs 16:3**

When Third Millennium was founded in 1997, the ministry was an entirely new and unproven concept. Fifteen years later, we’ve shown that our model of multimedia teaching is extremely effective and that our materials can be produced economically.

So, what’s next?

Our constant goal is to produce and deliver a doctrinally sound curriculum to the millions of Christian leaders who need it. To support this goal we are working to:

- Provide easier access to our materials
- Increase our profile
- Extend our reach

Our top priority is to **spread the will of God to every corner of the earth through the gospel of Christ**. So, Third Millennium Ministries is preparing an in-depth biblical education for Christian leaders around the world **in their languages, in their lands, and absolutely free.**

○ Provide easier access to our materials

- As with any industry, keeping up with technology is a constant necessity. We are currently working to provide our curriculum in an easy one-step download, as well as via USB drive.
- We are laying the groundwork for an even more robust infrastructure for delivery and distribution. With the addition of Charles Miller as our Director of Operations, we are focusing on process improvement, project management tools, and streamlining our productivity.

○ Increase our profile

- We will begin communicating and publishing industry-provoking articles and studies.
- As our new Church Liaison Officer, Rob Griffith will maintain our existing church relationships, while reaching out to additional groups to increase awareness and invite support for our ministry.
- Third Millennium is now a full member of the National Religious Broadcasters (NRB). This alliance gives us access to more outlets in Russia, South Africa, Australia, and over 20 Spanish-speaking countries.

○ Extend our reach

This year, we expect to:

- Launch the English version of our online distance learning programs via Moodle platform at two seminaries.
- Develop Chinese and Spanish versions of the Moodle system.
- Make significant progress in our language projects, including the release of The Gospels in Russian and Chinese, and The Apostles' Creed in Spanish and Arabic.
- Partner with another ministry to translate our materials into Farsi.

What a blessing to have **so many opportunities** to do God's work!

“Many are the plans in a man’s heart, but it is the Lord’s purpose that prevails.” **Proverbs 19:21**

Not a day goes by that we don’t see God’s blessing on his ministry. We have a very busy team of over 20 full-time employees and over 16 translators. Because of their efforts – and because of his grace – we rejoice in our work, knowing it is for his glory.

In 2011, we completed:

- Forty-one new lessons, bringing our total to 290.
- Our one-year curriculum in English, including *The Gospels*, *The Apostles’ Creed*, and *We Believe in Jesus*.
- iPhone, iPad, and Android apps that offer additional learning and teaching opportunities for Christian leaders.
- An informal online survey that showed over three million people currently use our materials. The actual number is much higher, as this was gleaned from a very limited response.

In addition, we have made major strides in the development of our mediated curriculum in Moodle, a free e-learning software program. Moodle allows us to reach out to more institutions to show them how they can integrate our materials into their existing programs.

“I want to thank you very much and Third Millennium for the help that you have given to me in ministry here in Nairobi. The cassettes arrived in very good shape and with no problems at the customs. I will use them over and over in reaching our pastors with good materials so that the church in the city here can have an impact.”
-Imbumi Makuku, Pastor, Kenya

A man with short brown hair, wearing glasses and a red polo shirt, is seated at a desk in an office. He is wearing large, silver and black over-ear headphones and is looking intently at a computer monitor. The monitor displays a document with text and a logo. The background is slightly blurred, showing other office equipment and a desk with a green container. The lighting is soft, typical of an indoor office environment.

Most pastors in the world have no theological education and no way to obtain one. Third Millennium Ministries is working to meet this global need by **creating and distributing a high-quality, multimedia seminary curriculum** in the major languages of underprivileged nations: English, Spanish, Arabic, Chinese (Mandarin), and Russian.
